

Coin & Banknote changer

The Thomas 1025 coin and banknote changer provides an affordable, reliable solution where note and coin change is required to one or two denominations of coins or tokens. The machine utilises two high speed coin hoppers, providing a fast and accurate transaction. As part of our wall mounted range it provides a practical solution where space is a premium.

The robust powder coated cabinet, with 5 point locking mechanism, ensure the machine is both secure and durable.

Features:

- Front opening
- LCD user display
- Audit data available via user display or printed, via optional, hand held thermal printer
- Designed for wall mounting and supplied with a wall mounting frame
- 5 point locking mechanism

Security features:

- 2 mm steel cabinet
- Secure programme banknote reader
- Secure 5 point locking mechanism on the main door
- Full electronic audit facility provides, on the liquid crystal display, an analysis by denomination of banknotes accepted, coins paid out and separately, coins emptied
- Secure wall mounting frame

Extra cost options:

- Handheld, plug in audit printer
