

Coin & Banknote changer

with contactless card payment

The Thomas 1026 changer is a modern, reliable and secure dispenser, offering contactless payment in exchange for one denomination of coin or token.

The Thomas 1026 accepts all forms of cashless payment, including:

- Debit and Credit Cards
- Mobile, SMS and NFC Payments
- Swipe, Contact or Cashless
- Prepaid cards

Our Payter system bypasses costly banking channels, deducting a fixed % of each transaction value and paying the balance every day directly to your bank account.

As part of our wall mounted range it provides a practical solution where space is a premium. The robust, powder-coated cabinet, with 5-point locking mechanism, ensures the machine is both secure and durable.

Features:

- Accepts all standard debit and credit contactless cards
- Connects to Payter card authorisation service
- Up to 6 pre-set vend price selection buttons for clients
- LCD user display
- Audit data available via user display or printed, via optional, hand held thermal printer
- Supplied with a wall mounting frame
- 5 point locking mechanism

Capacities:

- Approximately 8,000 coins / tokens in total (4,000 in each payout system), based on GBP 1 coins (diameter 22.5mm, thickness 3.1mm)
- Maximum coin / token diameter = 31mm
