

TFT SCREEN WIPES

Anti-static screen wipes for quick and easy cleaning of all screens.

oft wipes with a mild cleaning solution for quick and easy cleaning of all screens. A dirt-free screen is a basic prerequisite for a pleasant working experience either in the office or at home. Because of the inevitable build-up of static electricity, every monitor screen attracts dirt and, from time to time, requires thorough, gentle, streak-free cleaning with our antistatic screen wipes.

Application

- Glass surfaces on scanners and photocopiers.
- Monitors, glass and coated glass of plasma and LCD screens.
- Displays of cellphones, GPS, tablets, electronic games, etc.

How to use

- Wipe gently on the surface.
- Test before use on sensitive materials.
- Do not use on energized equipment.

Part #: 28200154
